January 2, 2022

Opening day of Indoor League

- **De Shore (namely Ike and other draftees) does the custodial service for the gym and we have some rules that we must follow:**
- **You must do the Delaware Shore health survey each week when entering the gym. The code will be posted at the entrance for your use until you store it in your cell phone.**
- Only water inside the gym, NO sport drinks of any kind in the GYM. If you spill, then **you MUST** clean it up. Trash goes into the trashcans and does not get left on the floor. Try to keep all extra gear outside in your car and not bring into the building.
- We will use the side entrance to the Mariner Middle School gym, we will not use the gym entrance nor that hallway. The only time we would be in the hallway is to use the bathroom.
- When you arrive, check in with the scorekeeper at the score table.
- No one may play in the back hallway. That area is only to give you access to the bathrooms.
- **When you enter the gym through the side entrance do a hard right turn and space out in the bleachers. The team listed first in the schedule is the home team AND will always sit to the right of the score table (go past the scorer table and that area is your seating area.**
- **DO NOT SIT ON TOP ON ANY BLEACHERS THAT ARE NOT EXTENDED!** Parents, please sit behind the protective screens- no need for an emergency room trip for stiches!
- When your game is over, please turn right and exit the gym at the double doors taking you outdoor. We want a one-way traffic flow and want to maintain social spacing as much as possible.
- ***The speed limit is 25 mph in the town of Milton and I do not have any pull to get you out of a ticket.***
- **If your team is listed first on the schedule, you wear your white side out and if listed second you wear your blue side out. Games start promptly so you need to arrive 10 minutes early to find your coaches, check in at the scorebook and be ready to play.**
- **There is limited warmup time on the court.**
- **Elementary Division games will be played in two 12-minute halves, Middle and Senior Division games will be played in 10-minute quarters. WE WILL STAY ON SCHEDULE!**
- **Make sure you clean your area before you leave so there is no 'lost and found' to deal with each night.**
- **If a parent wants to be notified in case of weather issues, you MUST text Ike at 302-236-4265 with your name and athlete's name so I can create a text group.**
- **See you on 1/2/22 in the gym at Mariner Middle School.**
